

VITAL RAIL JUNCTION FALLS TO BRITISH

SOVIET DRIVE PROGRESSING BERLIN SAYS

Germany Implies That Russian Invasion of East Prussia Has Extended To Schirwindt

MOSCOW STILL SILENT

London, Oct. 18.—(P)—Germany implied today that the Russians had invaded East Prussia and that the mighty new Red army offensive from the Baltic states had extended to Schirwindt, a mile inside the Reich.

Enemy broadcasts said the offensive, not yet announced by Moscow, had forced the Nazi to abandon the Lithuanian highway center of Virbalis, three miles from the frontier, and that the battle beating against the landed estates of the Junkers' generals was on a broadening front.

Kalvarija in Lithuania lies 30 miles southeast of Schirwindt. The German frontier town is 42 miles northeast of the Prussian rail center of Insterburg and 91 east of the capital of Königsberg. Other Russians besieging the Baltic port of Memel are within 65 miles of Königsberg.

Russian forces in the Suwalki triangle, a bit of Poland which Germany annexed to East Prussia, and is on a trunk highway from Waunas through Marjampole to East Prussia.

Capture of Virbalis was a strategic Russian gain for the army group of the 36-year-old Gen. Ivan D. Cherniakhovskiy.

Six roads meet at the strategic town of about 6,000 which lies 41 miles of Insterburg and 91 from the capital of Königsberg. The town just off the Wilno-Insterburg railroad was evacuated, Berlin announced before noon. Moscow announced at midnight a succession of heavy bombing attacks in East Prussia, homeland of the Junkers' generals.

Although the Russians did not directly confirm such an offensive, there appeared little doubt it was in progress.

Along the northern border on the Niemen river line the Russians have approached within artillery range of Tilsit, East Prussian frontier stronghold.

Still farther north, meanwhile, the two Russian armies that captured Riga last week proceeded with a cleanup of western Latvia (Turn to Page Seven)

President Plans Tour of Gotham

New York, Oct. 18.—(P)—Democratic National Chairman Robert E. Hannegan said today that President Roosevelt probably would tour four of New York City's boroughs Saturday when he comes here to address the Foreign Policy Association Saturday night.

Plans for the president's trip have not been completed, Hannegan said, but he listed on the schedule were: Inspection tours of the Brooklyn Navy Yard and a WAVE unit at Hunter College, and a rally at Ebbets Field, Brooklyn, in behalf of Democratic U. S. Senator Robert F. Wagner, seeking reelection.

The president's tour would take him through the boroughs of Queens, The Bronx, Brooklyn and Manhattan.

Washington, Oct. 18.—(P)—President Roosevelt's movements will be publicly "on the record" for the first time outside Washington since the war started when he reaches New York Saturday for a foreign policy address.

"There is no desire on the part of the president to use wartime censorship to conceal himself on an occasion of this kind," Early said.

Claims Conflict Over the Control of Next Congress

Washington, Oct. 18.—(P)—Democratic and Republican camps voiced conflicting claims today on the makeup of the new congress which, with Mr. Roosevelt or Thomas E. Dewey, will tackle the problem—come next January—of shaping America for peace and prosperity.

Like two prizefight managers before a championship bout, the respective chairmen of the two congressional campaign committees had this to say:

Rep. Drewry (D-Va)—"Reports coming in from all over the nation indicate the Democrats will pick up 20 to 40 seats in the house."

Rep. Halleck (R-Ind)—"Things are really moving for the Republicans. I see chances to pick up 75 seats now held by Democrats,

U. S. First Army Is Spueezing Aachen Into Submission

German Radio Acknowledges Fortress City Encircled and Describes Fighting There Surpasses All Other Battles

HINT ALL-OUT OFFENSIVE ON CITY OF COLOGNE

By ALEX H. SINGLETON
London, Oct. 18.—(P)—British troops captured Venray, important rail and road junction five miles west of the Maas, today as Lt. Gen. Courtney Hodges' American First Army, slowly squeezing Aachen into submission, prepared for a new assault which Berlin said would be aimed at Cologne.

All along the front progress—slow, methodical progress, carved out in many cases by bayonets—was reported. From Breskens, a German stronghold before the already liberated port of Antwerp, to Belfort, this was the picture:

1. Lt. Gen. H. D. Crerar's Canadians have reached Ijzendijke, six miles south of Breskens, pressing hard on the newly formed defense line of the suicide German troops within the narrowing pocket. Reported Allied headquarters reported bombers had attacked the sea dyke at west Kapelle on the nearby island of Walcheren.

2. In northern Holland, where Berlin has reported the Allies have massed 1,500 tanks for a drive into the Rhine-Ruhr valley, Lt. Gen. Miles C. Dempsey's British Second Army took Venray after bitter house-to-house fighting and plunged on two miles southwest of the town, which itself is eight miles from the Reich frontier.

Associated Press Correspondent Ned Nordness, with this force, reported that American armored columns on the right flank had bridged the Canal de Doorn.

3. Gen. Eisenhower's communiqué described the fighting on the first Army front as a mopping up procedure. There was mopping up inside Aachen, which has set a pattern of punishment for German cities which resist the Allied advance, and mopping up to the northeast of "segments of the Siegfried Line" to clear the way for the next drive.

The German radio, finally acknowledging Aachen has been encircled, described the fighting there as "surpassing everything that has gone before in this war," and said flatly that Eisenhower "is planning an all-out offensive on Cologne after capturing Aachen."

4. U. S. Third Army infantry advanced nearly a mile north of Arvey-Sur-Moselle, within four miles of Metz, another big fortress-industrial city. Associated Press Correspondent Wes Gallagher said only light opposition was encountered.

5. In the Vosges foothills, the Allied communiqué reported progress just south of the road junction at Bruyeres and northeast of (Turn to Page Seven)

SLAIN HOSTESS HAD FEAR OF TROUBLE

Hollywood, Oct. 18.—(P)—A few hours before she was raped and slain, Georgette Bauerdorf urged a companion Hollywood canteen hostess to "come home with me as I'm afraid to be alone in the house tonight."

Sheriff's Inspector William J. Penprase said last night that this information had come from the other hostess, June Ziegler. He expressed belief that the 20-year-old daughter of George Bauerdorf, wealthy oil man, may have been forced by someone to make a date and that she was apprehensive at the prospect of keeping it.

The working appeared intended to make clear to the Italians, who occupied Scarapanto and most of the Dodecanese nearly a quarter century ago, and to the Greeks, who already are demanding the strategic islands, that the United Nations as a whole intend to take over and administer the group until final peace settlement.

AMERICAN DIVISIONS ON WESTERN FRONT

Supreme Headquarters Allied Expeditionary Force, Paris, Oct. 18.—(P)—A recapitulation of official announcements shows the following American divisions have been identified as operating on the western front since D-Day.

Armored—Second, Third, Fourth, Fifth, Sixth and Seventh. Airborne—101st and 82nd. Infantry—First, Second, Third, Fourth, Fifth, Eighth, Ninth, 28th, 29th, 30th, 35th, 45th, 79th, 80th, 83rd and 90th.

While no more than 12 or 15 Republican house members seem to be having any serious difficulty, Democrats now barely cling to control of the house organization, with but 215 seats to 212 for the Republicans. There are four minor party members and four vacancies.

On the senate side the Democrats have a more comfortable margin, with 58 seats to 37 for the Republicans and one Progressive. Thirty-two senators—21 Democrats and 11 Republicans—are up for reelection, and the Republicans must unseat 11 Democrats to take control of the organization in that body.

Most prognosticators hitch their speculations on the make-up of the new congress to the outcome of the presidential contest.

Truman will speak extemporaneously tonight at a dinner in Portland before visiting Washington state. He will make a radio address Thursday night at Seattle.

With Truman enroute to Portland, Ore., Oct. 18.—(P)—Fore-casting a Roosevelt win in California by a 400,000-vote majority, Sen. Harry S. Truman, Democratic vice-presidential candidate, moved into Oregon today for a survey of pre-election sentiment in that state.

He was guest of honor at a dinner last night in San Francisco's Chinatown where he ate with chopsticks and told an audience that the time is here when we can furnish China the weapons she needs.

Barley Crum, San Francisco public attorney who managed Wendell Willkie's presidential campaign in the bay area four years ago, introduced Truman.

South Florida Prepares For High Gales

Miami, Fla., Oct. 18.—(P)—Hurricane winds up to 140 and 160 miles an hour in gusts lashed Havana today before a severe tropical storm moved out into the Gulf of Mexico and sent advance gales sweeping the Florida keys.

All of south Florida was braced for gales expected during the late morning or early afternoon.

A radio report to Pan American Airways here said that a number of houses were blown down in Havana and that a number of small buildings at the Cuban capital's airport were flattened.

There was no immediate word, however, of any casualties.

The Isle of Pines, island south of Cuba which was raked with full force yesterday, still was without communications.

The weather bureau said the center of the Caribbean-born hurricane passed very near Havana about 9 a. m. moving slowly.

Hurricane warnings were hoisted along the Florida coast from Miami to Tampa at 4 a. m., and the weather bureau warned that winds or near hurricane force will hit the west coast as far north as Tampa this afternoon.

Winds 60 miles per hour and higher in squalls were due to strike the southeast coast and interior of south Florida afternoon.

GOP Nominee Talks Tonight In New York

New York, Oct. 18.—(P)—Gov. Thomas E. Dewey arrived here at 12:35 p. m. for a speech tonight before a New York Herald Tribune forum in which he is expected to offer a major Republican interpretation of foreign policy.

Albany N. Y., Oct. 18.—(P)—Gov. Thomas E. Dewey may make his final major interpretation of the Republican party's stand on foreign policy for the Nov. 7 election in a speech in New York City tonight, three days before President Roosevelt sets forth the Democratic viewpoint on the same issues.

Speaking on the New York Herald Tribune forum in a nationwide broadcast (Blue) from 9:30 to 10 p. m., the Republican presidential nominee is expected to expand upon his party's platform declaration for "responsible participation" by the United States in a cooperative international organization to preserve future peace.

Mr. Roosevelt, who declined an invitation to address the Herald Tribune forum, will speak Saturday night before the Foreign Policy Association. He has made it known that he intends to talk about those he said who seemed to want to stir up dissensions about minor details instead of concentrating on the service today.

Punxsutawney, Oct. 18.—(P)—A Baltimore & Ohio freight train was derailed near Lane's Mills early today, and 27 freight cars piled up along the right of way with their cargoes of coal, pipe and other products.

Some of the wreckage was strewn along the parallel Buffalo, Pittsburgh highway and an automobile carrying four persons collided with it, injuring the occupants.

About 200 feet of trackage on each the east and west bound rails were torn up and passenger traffic was temporarily routed over Pennsylvania Railroad lines. Cleanup crews expected to restore the service today.

SUBMARINES DESTROY 32 NIP VESSELS

Seven Japanese Warships Are Included In Latest Bag of American U-Boats In the Pacific

INFLECT HEAVY DAMAGE

Washington, Oct. 18.—(P)—Destruction of 32 Japanese vessels including seven warships, by American submarines, was reported today by Navy Secretary Forrestal.

The secretary also announced that 905 enemy ships have been sunk or damaged by the Third and Fifth U. S. Fleets in the last four and one-half months.

Planes and anti-aircraft guns of the Third and Fifth Fleets since last June have destroyed 3,050 Japanese lanes, including 1,257 shot out of the air and 1,253 destroyed on the ground, he told a press conference.

The other craft destroyed in the new bag by the submarines operating under Admiral William F. Halsey, Jr., and the Fifth Fleet command by Admiral Raymond A. Spruance said it covered the period from attacks on Japanese bases in the western Pacific beginning June 6 and including assaults of October 16 on Formosa.

Forrestal commented that such heavy destruction results in "extremely limiting" Japanese movements by sea.

In the recent strikes against the Philippines, Formosa, Pyukyu, Palau and the Marianas, the Third and Fifth fleets made the "opening moves in the unrelenting pressure that is to be applied against Japan in the western Pacific," he stated, adding:

"For many months Japanese naval strength has been at bay, and eventually it must stand and fight."

From their daughter-in-law in Los Angeles, Calif., Mr. and Mrs. Fred Gafner, 512 Park street, have learned that their son, S. Sgt. Robert Gafner, was killed in action July 21 over Brux, Czechoslovakia.

This is the first news they have had of him since word came in August that he had been missing in action since sometime between July 21 and 23rd. He had been overseas since May of this year, following a year of training for which he was inducted in February, 1943.

He was an aerial gunner-radio operator on a B-24 and in his last letter, which came July 16, he told his parents of engaging in bombing missions over northern Italy and Czechoslovakia.

Shortly after he was reported missing, his family received word from the War Department of his having been awarded the aerial gunner's medal.

Sgt. Gafner was born in Warren April 3, 1910, and attended local schools, graduating from the high school here in 1929. He was well known for his musical abilities, having been heard on many occasions as soloist in various churches and at other community gatherings.

He was a graduate of Warren Conservatory of Music and also did post-graduate study there.

Besides his parents and wife, he leaves a sister, Mrs. R. L. Frazier, of Monroe, Pa., and a brother, Raymond, Myrtle street, this city.

It is learned from Sheffield that (Turn to Page Seven)

Wreck On B. & O. Blocks Highway

Punxsutawney, Oct. 18.—(P)—A Baltimore & Ohio freight train was derailed near Lane's Mills early today, and 27 freight cars piled up along the right of way with their cargoes of coal, pipe and other products.

Some of the wreckage was strewn along the parallel Buffalo, Pittsburgh highway and an automobile carrying four persons collided with it, injuring the occupants.

About 200 feet of trackage on each the east and west bound rails were torn up and passenger traffic was temporarily routed over Pennsylvania Railroad lines. Cleanup crews expected to restore the service today.

Civilian goods production has been authorized in more than 750 plants under the "spot authorization" plan, War Production Board officials estimated today, with new applications arriving at a rate of about 500 a week.

The plant-by-plant authorizations may prove to be the main bridge between war and peace-time production, some officials believe, if the European war runs into the winter and if businessmen continue to use the program as a cushion for war contract cancellations.

One company already is taking orders for vacuum cleaners assembled under the "spot" plan from parts remaining in stock and parts now being manufactured.

German Fanaticism Will Prolong War

Atlantic City, N. J., Oct. 18.—(P)—Associated Press Correspondent John A. Moroso told delegates to the four-day convention of the American Hardware Association that the war in Europe might last "into spring or beyond."

"The Germans are tough and well equipped," he said. "Many of them have been brought up in the Nazi tradition. They won't quit. They fight until you kill them. This fanaticism will be the greatest problem facing the United Nations after the war."

Five Deaths In Family At Erie Probed

Erie, Oct. 18.—(P)—An Erie woman and her four young sons were dead today, stricken with a mysterious illness still unidentified by authorities after they performed autopsies upon the children's bodies.

The victims were Mrs. Bertha M. Wolfe, 22, formerly of DuBois; Merlin, 5; Emmett, 4; Daniel, 3; and Douglas Wolfe, 18 months.

City Detective George Barber said the father, Howard M. Wolfe, a truck driver, told him the family had eaten a meal consisting of spaghetti and sauerkraut at the home of his parents, Mr. and Mrs. Edward Wolfe, Monday night.

After returning home, the children complained of feeling ill, Wolfe said. When he left home at 7 o'clock yesterday morning for work they were playing and he ordered them back to bed. He said his wife complained of a headache.

Detective Barber said neighbors told him they heard the children playing in the house about 2 p. m. They were dead, he said, when Edward Wolfe went to the house at 5:40 p. m.

The mother was found in bed, unconscious and taken to a hospital where she succumbed during the night.

A preliminary investigation pointed to food poisoning, Barber said, but Dr. E. L. Armstrong, pathologist at Hamot Hospital, announced after performing the autopsies the children "died too fast" for food poisoning.

District Attorney Burton R. Laub said he would go to Harrisburg today to have analyses of the children's stomach contents made by the state toxicologist.

San Francisco, Oct. 18.—(P)—Japanese politicians, according to a radio Tokyo domestic broadcast recorded here today by the Federal Communications Commission, are about to launch a "people's movement" to prepare the populace for the "coming decisive battle" of the Pacific war and to promote "a gigantic drive for the production of weapons."

London, Oct. 18.—(P)—Deputy Prime Minister Clement Attlee disclosed in commons today that British imperial forces, including those of the dominions and other overseas personnel, had suffered 103,842 casualties from the opening of the western Europe campaign to the end of August.

London, Oct. 18.—(P)—Berlin broadcast a Tokyo dispatch today reporting the deaths of three vice admirals of the Japanese fleet. It listed them as Vice Admirals Miura, "who died of an illness at the front," and Murata and Mitsunobe, "who died in battle."

Kane Athlete Is Shot Accidentally

Kane, Oct. 18.—(P)—Duane McMahon, 18, former Kane high school athlete and pre-flight student at the University of Pittsburgh, died today from a bullet wound accidentally self-inflicted.

Coroner's investigators reported McMahon had been camping and had a pistol in his sweater. He apparently placed the weapon back of a sun visor in his car, and it fell, struck the steering wheel and discharged.

Deputy Coroner Ralph Mimm described death as accidental and said no inquest would be held.

SEVENTH NIGHT OF VISITS FROM ROBOTS

London, Oct. 18.—(P)—The east coast of England shook from spectacular explosions during the night as anti-aircraft gunners raked the path of incoming robot bombs and blew up a number of them in flight.

It was the seventh consecutive night that southern England and the London area had come under attack by the robots. The air ministry announced casualties and damage had been caused by bombs which escaped the ack ack batteries and the alert Mosquito patrol.

ARMY CONTRACTS FRAUD
New York, Oct. 18.—(P)—Capt. Joseph Gould, 48-year-old former manager of James J. Braddock, ex-heavyweight boxing champion, will face court martial proceedings probably within two weeks on charges of fraud involving more than \$1,000,000 in army contracts, the New York Port of Embarkation announced. Army officials said Gould has been under detention since Sept. 27 at Camp Shanks, N. Y.

The Maytag Company of Newton, Iowa, has gained approval to make parts for washing machines, to be assembled when WPB gives the go-ahead.

The local war price and rationing board issued today the following communication concerning the new "A" books which become valid on November 9:

The crews of clerks have been working on them constantly and the work is about one-tenth completed. As nearly as possible, an attempt is being made to make out the books in the order in which we received the application. No attention can be paid to special requests for preference.

But we need many volunteers to get these books out in time. Our present volunteers are donating their full time. While this is desirable, still if you have some time and can copy down a bridge score accurately, please call Mrs. Hetherington at 3035.

Do not include your registration card with your "A" application. Attach the back cover of your old book.

UNITED WAR FUND-A-MENTALS

To All Campaign Workers and to the Public

Yes, the 1944 United War Fund Campaign is under way! The preliminary work has been done—it's been going on for the past ten or twelve weeks. The organization—the work of planning and preparing the publicity—of ordering and receiving supplies from all over the country—of reading proofs, of fighting with the printer of talking with the various groups—all that had to be done before we could even dream of staging a campaign. It's a little bit like Invasion-Day. We got a foothold in twenty-four hours—but it took twenty-four months of preparation to put us there.

Well, it's done! You workers have been provided with every weapon we can give you, every kind of ammunition. You have good chairmen, fine captains, able leaders. We've landed you on the beach successfully. It's D-Day in the Warren County War Fund drive. You know the job that's ahead.

You have enemies ahead of you—complacency, indifference, we've-won-the-war thinking. You know them.

But you have valiant allies—patriotism, humanitarianism, the sympathy of all of us for suffering humanity.

From now on it's up to YOU!

Allen M. Gibson, Chairman of the County Division of the Warren County United War Fund Campaign, is well pleased with the organization completed to solicit contributions for the Campaign throughout the County.

He reports to Edward W. Johnson, General Chairman, that twenty-eight Townships and Boroughs are organized, each with a chairman and subdivided into areas with captains and workers in sufficient numbers to visit everybody in the County and give them the opportunity to subscribe.

The Chairman and the Districts they will cover, are as follows: Bear Lake Boro, Enoch Cornish; Brokenstraw Township, Clinton Johnson; Cherry Grove Township, Clarendon Boro and Mead Township, Hans Walchli; Columbus Township, Frank Schramling; Cone-wango Township, Dr. R. H. Israel; Corydon Township, Paul Duntley; Eldred Township, Darel Lay; Elk Township, Mrs. Victor Hagberg; Farmington Township, Miss Lillian Lindell; Freedom Township, William Johnson; Glade Township, George Valentine; Grand Valley Boro, Mr. and Mrs. Lee Johnson; Kinzua Township, Mrs. W. Boyd English; Pine Grove Township, John Moll; Pittsfield Township, Mrs. Elghmey and H. G. Irvin; Pleasant Township, Glen Kiser; Sheffield Township, J. M. O'Connor; South West Township, Keith Morris; Spring Creek Township, Mrs. Lois Sickler; Sugar Grove Boro, D. H. Haggerty; Sugar Grove Township, Mrs. Ross Porter; Tidoute, Lyle R. Briggs; and Youngsville, H. M. Kay.

REMEMBER! The Second Report Meeting is tomorrow, Thursday, Oct. 19. The time, 7:30. The place, the Y. W. C. A. Three things to remember: 1. All workers should be there. 2. Be there in time. 3. Try to have half your quota in for the First Report. Let's get the ball to the 50-yard line by Thursday!" as Mr. Candy says.

HALLOWEEN PRANKS

Police in two nearby towns have reported serious trouble being experienced as the result of boys placing dummies on streets and highways, giving the appearance of a man lying in the road. WRECK UNDER PROBE

According to the Corry Journal Deputy Coroner Charles Keating of that city has stated that an inquiry is under way into the wreck at Lovell's station a few weeks ago in which P. R. R. Fireman Walter A. Sechriest, of Erie died Saturday morning, three weeks after the derailment of his locomotive just west of the city. While the railroad company is known to have been investigating the wreck ever since it occurred the death of Sechriest threw the matter into the hands of the coroner's office and Mr. Keating said that Coroner Woods, of Erie, has been in contact with the railway authorities in that city in connection with the case.

The Buffalo unit of the American Red Cross Blood Bank during the two days' visit in Warren collected a total of 317 pints from local donors. Mrs. K. W. Davis Heads New Slate For American Legion Auxiliary Locally

The annual meeting of the American Legion Auxiliary was held Tuesday evening in the Legion Home, with a large attendance.

Annual reports given by the retiring officers and president, Mrs. Melvin Johnson, indicated a most active year in every phase of the Legion program.

Mrs. Elmer Munksgard, junior past president, presented Mrs. Johnson with the past president's jeweled pin.

Reports of the presidents' and secretaries' conference held in Harrisburg last week were given by Mrs. K. W. Davis and Mrs. Willard Smith.

Guest of the evening was the newly elected state director, Mrs. R. W. Kennard, of Phillipsburg, who gave a very interesting talk on the department work and indicated the newly elected officers of the local unit for the coming year. On the slate are the following:

President, Mrs. K. W. Davis; first vice president, Mrs. Milton Witz; second vice president, Mrs. J. W. Rogers; treasurer, Mrs. Theodore Fox; secretary, Willard Smith; assistant secretary, Mrs. C. D. Cannon; chaplain, Richard Hildum; historian, Merle Graham; sergeant at arms, Margaret Rowland; bearer, Mrs. Hale.

President Davis then announced appointment of the following chairmen for the new year's work: Membership, Mrs. Milton Witz; rehabilitation, Mrs. Rogers, assisted by Mrs. Hildum; child welfare, Mrs. William Cannon; Americanism, Mrs. N. K. Wadler; Mrs. Leland Webster; Poppy, Mrs. Larry Krespan; Melvin Johnson and Mrs. Fox; publicity, Mrs. Richard Hildum; coupons, Mrs. Merle Graham.

The newly elected officers chosen delegates to the county Council meeting to be held at Kane on October 28.

Refreshments were served at the conclusion of the business meeting by the following committee: Mrs. Elsa Dunham, Mrs. Donald Schuler, Mrs. Fred Siggins and Mrs. John Swick.

Portuguese West Africa Missionary To Address WSCS

Mrs. Ralph E. Dodge, missionary of the Methodist church in Angola, Portuguese West Africa, will be guest speaker at the meeting of the First Methodist WSCS to be held October 25. Her topic will be "Pagan and Christian Contrasts in the Life of African Women". The meeting will follow a 6:30 tureen dinner.

The Rev. Mr. Dodge, with Mrs. Dodge and their three months old son, Ralph Edward, Jr., left the United States in May, 1936, and after six months spent in Portugal in language study, arrived in Angola in December. They returned to America in May, 1941, expecting to go back to Africa the following spring. When the entry of the United States into the war made this impossible, they continued to study in order to make themselves more effective missionaries. However, since the menace from submarines in the Atlantic is now greatly lessened, they are being permitted to return and hope to leave before the end of December.

In Angola, Mr. Dodge was superintendent of the North Cunza District, visiting and overseeing the work of some scores of African pastors and teachers as they work in villages. He also served as dean in the Taylor Bible School.

Methodism's only advanced school in this region. In all that he did he was greatly aided by his wife who has served as his personal secretary, bookkeeper and accountant.

In addition to acting as her husband's secretary and carrying on her responsibilities, Mrs. Dodge organized a junior church of 300 children, assisted with teaching in various classes and at times accompanied her husband into the district. A daughter was born to them in Africa and, during their three years in this country, a third child has been born; so, the Dodes return to Angola with a boy of 9, a girl of 7 and a boy of 2.

Before going to Africa, Mr. and Mrs. Dodge served pastorates in Malden, Mass., and Mohall, N. D. During this furlough, while studying at Hartford, Conn., they served the Methodist pastorate at East Longmeadow, Mass.

College of Captivity

HE MIGHT HAVE graduated last June—might have been the president of his class, the valedictorian. He might have been started on a business career by this time.

But instead of a cap and gown, he was given—last June—the garb of a war prisoner. Instead of a diploma, he received a number. Instead of a business career, he started on the long, dreary existence of a prisoner of war.

Someday he'll be released. Someday soon, he hopes. But even soon is a long while to a boy who might have graduated last June.

He could continue his studies, of course. Through War Prisoners' Aid he could be supplied with books, paper, pencils—not only he, but thousands like him.

But it takes money to buy these books, to buy the paper and the pencils—money that can come only through your generosity.

And remember—those books mean more than just the continuance of an interrupted education. They mean freedom from boredom during lonely weeks and months—a better

chance to get started properly on a career when the war ends.

Providing books and study courses is only one of the many services performed by War Prisoners' Aid. It also sends to our boys in enemy prison camps musical instruments, theatrical kits, and other means of entertainment—to keep them from the deadly boredom of barbed wire.

Won't you help in this work—by giving now to your local Community War Fund? Many other war agencies share in your gift as well as the welfare services here at home. No money you give could do a more timely—and a more vitally needed—job.

THE DECISION AT AACHEN

As today's dispatches report that German counter-attacks on the western front are tapering off, it becomes more apparent that Hitler's decision at Aachen, made through his officers, apparently establishes the policy of Nazi resistance on which the war in Germany will be fought. It gave notice that every objective is to be defended to the last, with slaughter and destruction as the price for delaying the inevitable.

And his decision shows that Hitler has misjudged the Americans again. He did it in 1933 when, as Dr. Hermann Rauschning testified at the Washington secession trial, he counted on being able to engineer an American revolution if it appeared that we might join Britain in war against Germany. He still barked on disunity and the Japs to keep us out of Europe after Pearl Harbor.

At Aachen he seemed to think that the Americans, whom he advertises to his people as "Yankee barbarians," would be too soft-hearted, or too weak in strength and purpose, to go through with their ultimatum. Again he was wrong.

The Americans took no joy in destroying much of the city of Charlemagne. They gave the enemy a chance to withdraw from and preserve the city and its "cultural monuments," over which Dr. Goebbels has already wept so much.

But it so happens that Aachen, besides being the city of Charlemagne, is also the front door to Cologne and the first stop in Germany on the highroad to Berlin. The choice was for Germans, not Americans, to make.

But if Hitler thinks that he can try to make a Stalingrad out of every sizeable city in Germany, it is clear that he is making another of his egregious military blunders. For Germany's overall position is more desperate than Russia's ever was. And the spirit of the Germans is not the Russian spirit.

Even at Leningrad and Stalingrad, Russia had considerable material and productive support to fall back on. Hitler has the Russian army at his back door. Russia was aided by her Allies, even in the darkest days. Hitler is hemmed in, and his last satellite is tottering toward defeat.

Hitler has good soldiers and brave soldiers. But he does not have the soldiers of Stalingrad. Even Dr. Goebbels never suggested that Russian officers there, or at Sevastopol, had to stand at a railroad with ready guns to shoot any soldiers who tried to surrender. We have this story of officers at Aachen from German soldiers who did manage to escape and give up.

All this Hitler knows, of course. His only hope can be to drag the war through the winter, to gain time to perfect some new "secret weapon" or perhaps to wait for some hoped-for Allied rift, while the ring of Allied arms closes tighter about him.

THE POSTWAR WORLD

The peeks we are getting at the glorious gadgets of the postwar world are exciting, according to Ruth Millett in an article written for NEA Service and the Times-Mirror, but, she asks: Do you suppose there will be anything in the future as satisfying as these things are today?

The pair of nylon stockings that have been mended numerous times—but still miraculously hold together for special occasions.

The rows of fruits and vegetables grown and canned by members of your own family.

The beautiful, beautiful labor-saving devices that were taken for granted until they could no longer be bought but now provoke such pride and satisfaction and loving care.

The family car—that has to last for the duration.

The pre-war two-way stretch girdle that still does its job.

The cleaning woman who hasn't found her way into a war plant.

A can of pineapple or of ketchup left over from the days before the point price soared.

A stalk of bananas hanging in a grocery window.

Enough pre-war safety pins to carry a baby through his first year.

A "for rent" advertisement that doesn't specify "no children" or "permanent civilian couple."

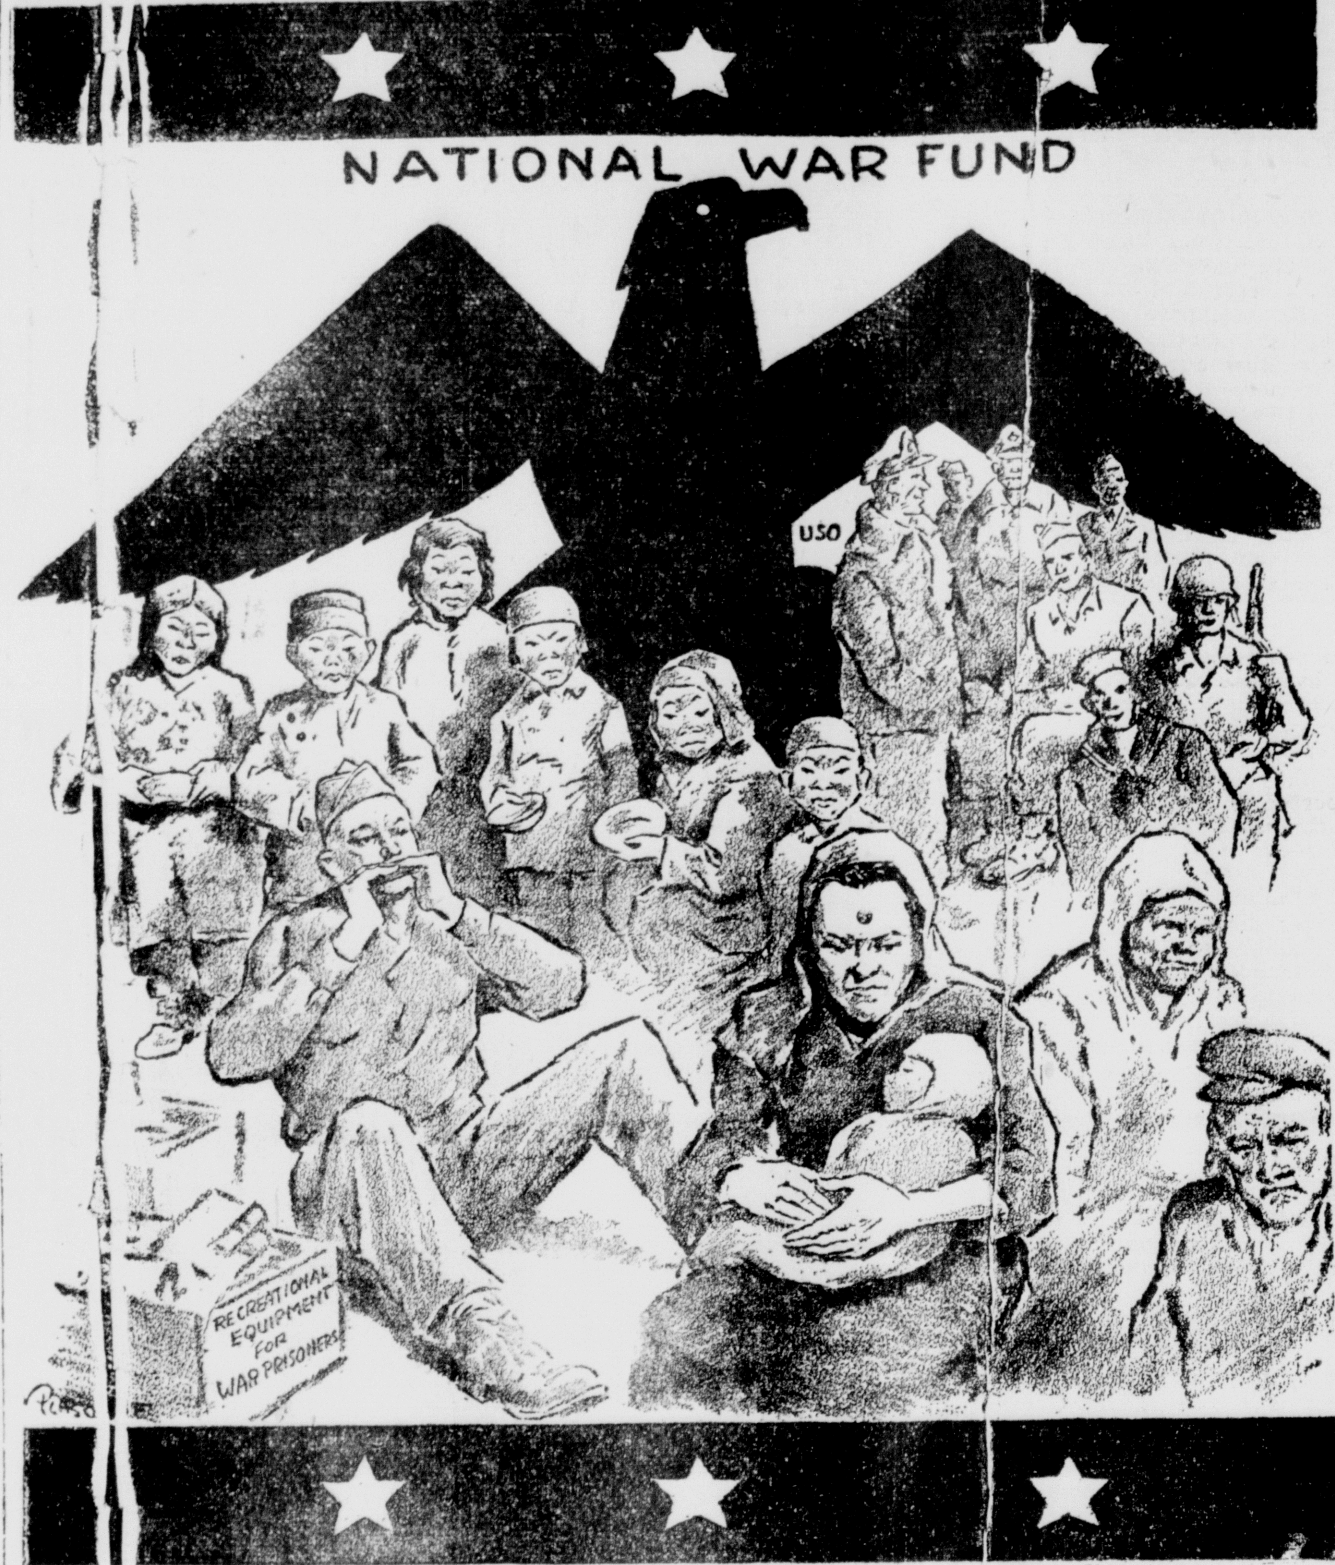

A V-mail letter.

They say the post-war world is going to offer us a lot. It will have to if it is going to give up much of a thrill as the simple things we have learned to appreciate since the war started.

EXPECTING PRISONERS

Camp Duhring is being placed in shape for arrival of a contingent of prisoners and Camp Red Bridge will probably be readied within a few days. It is understood that there will be about 150 soldiers in the two camps in capacity of guards, officers and camp personnel. Never more than a third of them will be free at one time, hence surrounding towns like Kane are giving thought to entertainment of the soldiers. Suggestion has been made for the establishment of a USO center there and an analysis of the needs is under way. At the present time the Kane YMCA is extending time membership privileges to all men in uniform.

In Mt. Calvary Baptist church,
corner of 32nd and Green Garden
boulevard, in Erie, at 11 a. m.
October 14, Rev. Louis Fox united
in marriage V. Helen Munch,
formerly of this city, and Carl A.
Lo Bue, of Buffalo, N. Y., in the

presence of both immediate fam-
ilies.

The bride wore a suit in a soft
shade of green, with brown and
gold accessories, and had a cor-
sage of orchids. Mrs. Robert
Nicholson, of Warren, sister of the
bride, wore a black suit with gay
fuchsia and had a corsage of gar-
denias. Anthony Lo Bue was his
brother's best man.

A wedding dinner followed at
the Lawrence Hotel with places
for twenty. The table was beau-
tifully decorated with flowers and
a three-tiered wedding cake in
white, topped with a miniature
bride and groom under a heart-
shaped arch.

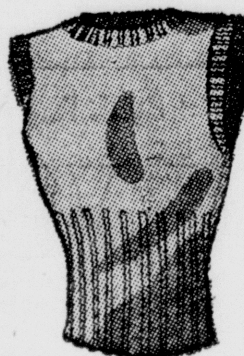

After the reception the couple
left for a wedding trip to Detroit,
Mich., after which they will reside
at 282 Jersey street, Buffalo, N. Y.

Those attending were Mr. and
Mrs. Carl V. Munch, Mr. and Mrs.
Homer Sigworth, Mr. and Mrs.
Robert Nicholson, Mrs. E. M.
Rockhill, Mr. and Mrs. George
Munch, all of Warren; Mr. and
Mrs. Anthony Lo Bue, Mrs. James
Lo Bue, Joseph Isanne, Mrs. Char-
les Buscaglia and Miss Ella Bus-
caglia, Buffalo; Mrs. John Cairns,
Erie.

The bride-elect was honored with
a number of showers in Buffalo.
A shower was also given for her
at the home of her brother, Carl
Munch, Thursday, October 12, with

ceived many lovely gifts for her
new home.

Astronomy Topic For Study Session Of Blue Stockings

The first fall study meeting of
the Blue Stocking Club was held
Tuesday afternoon at the home of
Mrs. Vance Weld in Pleasant town-
ship with Mrs. W. E. Lutz assist-
ing hostess.

The president, Mrs. Maude Win-
ger, opened the business meeting
with acceptance of the secretary's
and treasurer's reports and read
an interesting current event on
"Astronomy" the subject for the
afternoon.

Mrs. Florence Tillotson had
charge of the study period and in-
troduced her subject with this
quotation: "Astronomy begins
with wonder and ends with wis-
dom," from Dr. Joseph Hamilton's
book "Our World and Others," us-
ed by Mrs. Tillotson as a basis for
her paper.

The use of the telescope, spec-
troscopy and photograph was de-
scribed in conjunction with the
study of astronomy. The composi-
tion of the earth's surface, its
shape and movements in connec-
tion with the sun to cause the var-
iety of night and day and the var-
iety of seasons were points noted;
also the relation of the earth to
the moon, the eight principal
planets and the 8,000 visible stars
made the whole subject most in-
teresting.

Tea was served by the hostesses
from a pretty table presided over
by Mrs. Winger and Mrs. H. H.
Barr.

The next meeting will be held
November 7 at the home of Mrs.
Harriett Wilkins, with Miss Fan-
nie Smith assisting and the pro-
gram in charge of Miss Mabel Ab-
bott and Mrs. Fred L. Plummer.

Local Musicians Will Sing Messiah On December 17th

The choir of First Presbyterian
church has extended an invitation
to all who sing to join in the pre-
sentation of Handel's "Messiah" on
the afternoon of Sunday, Decem-
ber 17, beginning at four o'clock.
A group of singers including
members of ten church choirs of
Warren and North Warren at-
tended the initial rehearsal held
Sunday afternoon in First church
here.

Nat Drake, president of the
Choir Association of the host
church, expressed gratification at
the splendid response to this pro-
jected community music offering.
All leaders and members of the
various choirs have indicated they
will also join in this choral effort
at the second rehearsal at the
Presbyterian church at three
o'clock next Sunday afternoon.

This very welcome undertaking
is under the direction of Jackson
Barrell, minister of music in the
First Presbyterian church.
It has been some years since
any large-scale presentation of
"The Messiah" has been heard
here and not only those now ac-
tively singing but a number who
have for a time retired from active
choir work are joining with the
group.
Special soloists will be engaged
for the public singing of this
choral masterpiece in December.

Dragons Meet Bradford Owls Friday Night in Tough Game

Warren High Dragons vs. Bradford Owls. This is sufficient information that another grueling battle will be fought when these two eleven men meet Friday night at Parkway Field in Bradford. Rivalship will again be the feature of this weekend as J. B. Leidel's gridders face Bob Pflug's boys who have been defeated twice in four games. The Pflugmen, who suffered defeat at the hands of Erie Tech and Sharpsville, the latter playing last Friday evening, will put up a stiff fight against the Warren crew as in previous years. The closeness of the outcome is determined by both teams' win over Oil City. The Owls crumpled the Oilers 18-12 compared to the locals 13-9 victory over the Conestogans.

The opponents have eight returning lettermen this year compared with Warren's four. However, the Owls have no outstanding player as does the local combination. The Dragons can count on every man to do his part when they stack up against the Bradford combine Friday night. The locals will count heavily on the performance of Powerhouse Lee Friday night. Lee outclasses

every runner yet to be seen in action against the locals yet this year. Another who will be depended on is End Bob Scalise. Scalise has done the greater part of the aerial receiving in the past games. An added feature to the clash of Harry Summers' Dragon band. The band is preparing some outstanding formations which will highlight the halftime period. The kickoff time for the Warren-Bradford meeting is still unsettled, although the usual starting time of the Owls' night games is 7:30. Arrangements to have the contest begin at 8 o'clock are being made in order to allow more time for the Warren followers to get to the game.

Probable starting lineups:

Warren	Bradford
Scalise	LE Weaver
Zobrest	LT Marsh
White	LG Muto
Sirianni	C Fredericksen
Gerardi	RG Wallace
Dickerson	RT Ward
Allen	RE Lloyd
Lucia	Q Wright
Leo	LH Von Carlowitz

BEHIND THE LINES

Behind the Lines Here and There

We thought that the local high school football team had the biggest lineman in the country, that personality being Larry Zobrest, left tackle on the local eleven. Hatboro, Pa. (suburb of Philadelphia) has a 310 pound tackle on their team. What a man! The high school fourth squad trekked to Lakewood last night and trounced the Empire State seconds, 22-12. From the appearance of the duck hunters in Warren Saturday, the hunting must have been good. Some of the waterfowl seekers who stood for hours heartily disagree. The Yeager family had a field day last weekend on Chautauque Lake. Bill, Sr. landed a 54 inch musky that tipped the scales at 39½ pounds. Bill, Jr., also got a hold of a big one. Jack D'Angelo, former high school grid star and now with the Georgia Navy team, participated in the Navy's 35-0 win over Cherry Point on October 8. The Flyers tangle with Chapel Hill this weekend. Joe Cerami, Strong Vincent's outstanding passer, hit the highest score yet to be rolled in Erie's bowling center, this season Monday night when he smacked the pins for a three game total of 671. Cerami rolled games of 245, 201, and 225. Pretty good bowling, eh? The longest unbroken gridiron rivalry in the United States will be resumed Saturday when Lafayette meets Lehigh University at Bethlehem, Pa. In the 79th game of the series which began in 1882. The game is the first of two to be played this year. Grove City High gladders are proving to be the "Mission" of that section. They recently won their 11th straight and the 27th win in 28 years. Farrell High's sensational fullback, Jimmy Smith, is lauded as the best ball handler ever produced in Farrell. James-town's dream to get unbeaten this year is turning out to be a farce. If the Red and Green can only score 12 points in three encounters, how are they going to beat eleven such as Herkimer. Some excellent pictures of last Saturday's Warren-Jamestown game are on exhibition in Harry Danas' Cozy Corner window. The pictures were taken by Ned Cogswell. One of the pictures shows Powerhouse Lee intercepting a Jamestown pass.

Dragons Rate Fifth in Poll of Grid Teams

Warren High's Dragons are among the top teams in this section according to the listing of the games won, lost, and tied by the various eleven men in Northwestern Pennsylvania. The locals have to their credit five wins, two losses, and one tie. The Dragons, ranking fifth in the category, show that they are topnotchers because of the teams which precede them.

JOHNSON UNIT HAS FINE PROGRAM

Mrs. John Harrington was in charge of the October meeting of Johnson PTA held at the school building Monday evening. Following the Salute to the Flag and Star Spangled Banner, Mrs. Frank Duffy read from the scriptures and led in the Lord's Prayer.

The business session included reports by Mrs. Gerold Ostergard and Mrs. James Richards; award of the attendance prize to Miss Ida McKinney's room, with Miss Edith Erickson's grade in second place; report of 195 members toward the goal of 200.

Mrs. S. E. Saylor gave a fine report as delegate to the state convention at Philadelphia, where the theme was "Pennsylvania's Human Resources and Our Responsibility." Members voted to hold a rummage sale to secure funds for a new duplicating machine for the school and were asked to make reservations by Saturday of this week for the Northwestern District meeting to be held at Corry on October 25. Announcement was also made of a Halloween party which is being planned for school students by the Community PTA Council.

For the program, Mrs. T. S. Sponsler presented Mrs. Harold Flowers in two piano selections. She played Nocturne by MacDowell and a desert love song of her own composing. Guest speaker was R. R. Young, assistant principal at the high school, who gave an excellent talk on the need for training of youth toward home making; of providing the type of home that children will prefer to "hangouts"; and of the necessity for building a religious home and background for every child.

At the close of the program the following first grade mothers served refreshments. Mrs. Wilford Winner, Mrs. Ervin Rader, Mrs. Melba Gaghan, Mrs. Joseph Phillips, Mrs. Carl Anderson and Mrs. Don Bjers.

The Statue of Liberty was presented by the people of France to the United States to commemorate the 100th anniversary of American independence.

(From Page One)

Mrs. A. D. Bramer has received word from her nephew, Cpl. John Gorton, of Bradford, was killed in action in Italy on September 27. He was serving in the medical division and has two brothers overseas with the same unit. He was 26 years of age. On the same day he was killed his mother received a letter from him saying "if God so wills, I will see you at Christmas time."

Relatives have received word from the War Department that Pvt. Kenneth Brennel, resident of Kane and Ludlow most of his life, has been killed in action in France. He entered service in March of this year and had been overseas less than two months before he was killed. He was born in Kane 31 years ago, was a graduate of Ludlow High School and was employed at Cochran when he entered service.

TURKEY SHORTAGE

Warning that a turkey shortage is again likely was sounded today. About thirty per cent of the total production comes from Texas, Minnesota and California and it is doubtful how much of this year's crop can be moved east for civilian use after Army and Navy needs have been met. Pennsylvania produces only about 3½ per cent of the turkey supply and the state's own market always calls for large importations from other areas.

Also he has purchased the A. L. Spangler oil rights and wells and those of the Remboldt lease, formerly known as the Dr. Burchfield lease. The Carnahan has about 85 acres, the Spangler 49 and the Remboldt 44. There are forty to fifty wells on the three leases.

THAT WETMORE MINE

The Kane Republican comments on the coal mine development near Wetmore as follows: There seems to be somewhat of an argument in the community about whether or not the new coal mine recently reported in the Wetmore area is a "strip mine" . . . Some claim that is that and nothing else . . . A representative of The Republican visited the mine and was taken down below the earth's surface in a tunnel . . . Being wide awake at the time and the visibility being normally satisfactory, he felt safe in making the assertion that it was not a strip mine but a further development underground . . . It is not thought likely that it will eventually in any huge mining operation to rival the central Pennsylvania soft coal areas, but the evidence is that it is the biggest operation near Kane that has ever been conducted.

Fun and Music Feature Bill Of Floor Show

At the Outing Club this week Joe Bevevino who by some uncanny slight books in the best floor shows has again rung the bell and has provided one of the jingliest and whistlingest shows that has been at the club in a long time. The music is tops and the acts he has booked provide just the best fun that the crowd has enjoyed since before Roosevelt was president. Remember back that far, huh?

Well anyhow the folks who provide the favor 'n' on 't' floor have some real gags and antics that keep the risibilities of the crowd at High C or thereabouts. Laughs, guffaws and giggles rend the air and the crowd has a royal good time. Plenty of jive and ribald gaiety are on tap and if you don't get out this week don't say you were not warned.

And the orchestra has just received an invoice of new tunes and the boys of the band sure go to town with new stuff that starts the feet tapping and finally leads 'em one and all, old and young out to do a bit of hoofing.

Yep, this boy Joe is a happy booker when he gets a show like he has this week and an orchestra that keep the waiters and hep cats all satisfied and in the groove.

An Announcement of interest to every motor car owner

When the war is decisively won—and gasoline restrictions are lifted . . .

SUNOCO DYNAFUEL

MADE SPECIALLY FOR AUTOMOBILES

will be the name of Sun Oil Company's new postwar fuel for motor cars

The end of gasoline rationing may still be a long way off

Bomb raids over Germany must be continued until the Nazis surrender unconditionally. Then activities in the Pacific must be increased to speed up Victory against the Japs. Large quantities of petroleum will be required.

While the supply of civilian gasoline may be increased after the defeat of Germany, a considerable time may elapse before the demands of the armed forces will permit conversion of aviation fuel plants to the making of civilian gasoline.

Improved motor fuel made possible by wartime discoveries

Early in the war, through the development of new processes and plants, the engineers of Sun Oil Company produced the concentrate, Dynafuel, which has so materially increased the quality and quantity of our aviation gasoline. When

military demands cease, these same advanced Sun Oil Company refineries will be converted to the manufacture of a new and greatly improved automobile fuel . . . and the name Sunoco Dynafuel will then be applied to this postwar product.

Postwar Sunoco Dynafuel will be designed especially for automobiles

When the war is decisively won and gasoline restrictions are lifted—then Sunoco Dynafuel will be a super powered fuel designed especially for use in automobiles—by far the finest motor car fuel we have ever made.

Remember that name Sunoco Dynafuel. Some day when you are again able to drive into your Sunoco station and say "fill 'er up" you're going to experience the greatest driving thrills you ever had.
